Show License Application[©] • General Instructions and Information

The SHOW secretary of the benching club should file the official show license application with CFA to be received in the Central Office at least 90 days prior to the opening day of the show on the official form that may be obtained from the Central Office. Applications received with a date less than 90 days from the opening day of the show will incur late filing fees, in addition to the regular show processing and show insurance fees, as specified in the CFA's current price list. No license will be granted for shows whose complete and accurate application for a show license is received in the Central Office with less than 30 days remaining prior to the opening day of the show. The appropriate fees must accompany the application: the show processing fee (\$100.00), the show insurance fee (\$100.00), yearly club fees (\$120.00) for the benching club and, if applicable, any ring sponsors, and any late filing fees, if appropriate. **Yearly club fees must be paid for all interim years up to and including the year in which the show is scheduled to be held.**

A club invited to sponsor an allbreed or specialty ring in another club's show must provide a completed license application and send ALL three copies to the show secretary of the club benching the show. NOTE – if the club is sponsoring more than one ring, only ONE completed application need be submitted for those rings.

Clubs are permitted to schedule one ring for which no judge(s) has been contracted. This type of situation is commonly referred to as a "to be announced" (TBA) ring. If a club chooses to schedule such a ring, insert the type of ring being scheduled and enter the initials "TBA" in the judge's name section. A completed judge's contract (to include the name and signature of the judge) for any previously scheduled TBA judge(s) should be received in the Central Office no later than 30 days prior to the opening day of the show.

**Out-of-Region shows are subject to CFA Executive Board approval.
