

# THE CAT FANCIERS' ASSOCIATION, INC.

## DISTINGUISHED MERIT CATS

### 2003-2004 SHOW SEASON

by Debbie Kusy

Balinan's Will-O-The-Wisp, DM, a seal-lynx point Oriental Longhair female. Br: Nancy Grandison. Ow: M. & M. Anderson and Nancy Grandison.

In any sport involving animals, whether it is the dog fancy, the cat fancy or the world of horse racing, there is great weight put on the pedigree of the animal. One of the advantages of human involvement in these breedings is that we are able to scrutinize pedigrees to determine which will produce the most favorable characteristics. In CFA, male cats who have produced a minimum of 15 qualifying offspring (grand champions/grand premiers/DMs) and females who have produced at least five qualifying offspring, are recognized with the title of "Distinguished Merit" or "DM." To many, this title is more important than that of "National Winner" as it highlights those cats who have contributed something long-lasting to their breed – progeny that are able to carry on a desired look which meets the breed standard. While the national winner title is certainly important, cats that contribute to the long-term look of a breed offer much more.

As with cats, in the world of horse racing, some of the greatest horses on the racetrack were less than stellar in the breeding barn. "Secretariat," one of the greatest racehorses of all time, was never known for his immediate offspring – few of them did well on the racetrack. However, his daughters were known to

produce some very good racehorses, proving the theory that in the long run, "breeding proves out" in thoroughbred horses, as with cats. This year's Kentucky Derby, "Preakness" and almost-Triple Crown winner, "Smarty Jones," was a great-grandson of Secretariat. Similarly, many of the current regional and national winning cats come from pedigrees that have produced wonderful show cats. The cats that produce many national and regional winners are every bit as notable as the winners themselves.

Leading the longhairs with DM's this year is the Persian breed with a total of 38, eight of which were male and 30 female. Leading the shorthairs is the Tonkinese with 17 DMs – seven males and 10 females. A close second in the shorthairs was the Oriental Shorthair with four males and 12 females.

A male Abyssinian still leads the males overall with the most grand offspring – GC,

Aldrin Irish Coffee of Low Country, DM, a tawny ticked tabby Ocicat female. Br: James Michael Aldrin. Ow: Jacqui and D. Bennett.

NW Cinna's Jack Daniels of Chantebise, DM has 53 "grand" children. A close second is a blue and white Persian male – GC, NW Anz Nicholas Nickleby, DM with a total of 51, bred and owned by Anne Waddington. Both of these cats have long since been retired from breeding but continue to easily lead the boys.

The leading female producer continues to be a silver tabby American Shorthair – GC Sarouk's Sundi of Placer, DM. She has an amazing 24 grand children and is owned by Carolyn Lyons. A not-too-far-distant second is GC, NW Janvier Nicole, DM, a Chartreux female, bred and owned by Mary Ann and Don Sweeters, who has 19 grand offspring.

The 2003-2004 show season saw several breeds produce "firsts" for their breed. Daywarhim Apocurlypse Meow (nicknamed "Butter") is the first Longhair American Curl male to achieve the coveted DM title. Though never shown, Butter proved his strength in producing fine American Curls for his owners

Daywarhim Apocurlypse Meow, DM, a cameo mackerel tabby and white American Curl Longhair male. Br: Dayna Newcomer. Ow: Caroline Scott and Michael Tucker.

Caroline Scott and Michael Tucker. Butter was given to Caroline and Michael by his breeder, Dayna Newcomer, as a foundation cat for their American Curls. His first litter was born in 1990 and he became a DM at the ripe age of 14, stamping Procurlharem's American Curls with their distinctive look. Also this past season, Procurlharem saw the first one-litter DM of their breeding – GC, RW Procurlharem Drew Curlymor of Wimpl, owned by Carol and Frank Dickinson of Florida, who produced five grand offspring in one litter.

Nancy Grandison, of Balinan Cattery, reports that her girl, Balinan's Will-O-The-Wisp, DM, a seal-lynx point Oriental Longhair female, is her first DM as well as CFA's first Oriental Longhair DM! As a pointed Oriental, and therefore a non-showable cat, she was sold as a pet to a family who already had three pets from Nancy. They decided that they wanted to try to have a litter with her and keep one kitten. With Nancy as co-breeder and owner, they bred her twice and produced five grands. Not bad for an AOV girl! There was also an Oriental Shorthair AOV who became a DM this year – Kattalyst Life's a Beach, DM, a blue-silver-lynx point, bred and owned by Julie and Roy Keyer.

GC, BW, RW Emau's Mau Pounce For The Ounce, DM, a silver Egyptian Mau female. Br: Melanie Morgan and L. and V. Miles. Ow: David and Melanie Morgan.

GC, RW Kapalua Island Mango, DM, a Havana Brown female. Br/Ow: Larry P. and Sheila A. Ullmann.

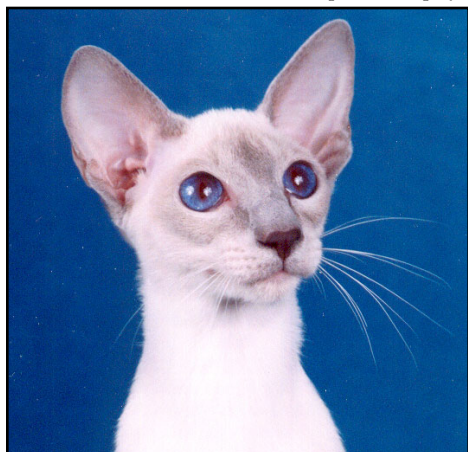

GC, BW Emau's Kyrie, DM, a silver Egyptian Mau female. Br: Melanie Morgan and L. and V. Miles. Ow: Melanie Morgan.

One of the breeds that is growing in popularity by leaps and bounds is the Sphynx. This enchanting breed also saw their first DM this past show season – Ms Intrigue Belaranger, a calico female, is the proud mother of five grand offspring. She was bred by Carylen Spidel and is proudly owned by Carol Haydu.

A first generation (F1) tawny ticked tabby Ocicat female, Aldrin Irish Coffee of Low Country, DM, is the first tawny female Ocicat and the first F1 Ocicat to achieve the title. "Nikki" was bred by James Michael Aldrin (the son of astronaut Buzz Aldrin) and is owned by Jacqui and D. Bennett. She is the proud mother of two chocolate spotted males and one chocolate silver spotted male: GC Saga Maxwell, GC Saga Java Joe and GC Saga Rocky Top of DaBlues, respectively. She is also the mother of two tawny spotted boys: GC, RW Low Country Hot Toddy and GP Low Country Walkin The Dinosaur. "Hot Toddy" is currently the highest scoring tawny Ocicat in history and is only the second of that color to achieve the title of regional winner. Not bad for a first generation gal!

One of two of the Havana Browns to DM in the 2003-2004 show season shows quite an impressive lineage. GC, RW Kapalua Island Mango, DM has produced eight grands, including the top three Havana Browns for the 2002-2003 show season: GC, BW, RW Kapalua Coconut Mango, GC, RW Kapalua Tiare Lani of Mokolea and GC, RW Kapalua Papaya

GC, BW, NW CSA's General John Hunt Morgan, DM, a lilac point Siamese male. Br: Valere Hull and Charlotte Holbrook. Ow: Valere Hull.

Delight of Blakewood. Bred by Sheila and Larry Ullmann, "Island Mango" is the daughter of two DM parents, her father, GC Kapalua's Knight Rider, DM, who has produced three GC, BW, RW offspring and one national winning kitten. "Mango's" mother is Kapalua's Bessie, DM. "Bessie" was never shown as Sheila did not feel that she was quite good enough for the show ring, but she produced five grands, all of which were regional winners. This is a first within the Havana Brown breed and pretty impressive for any breed!

Minority breeds seem to have a harder road to travel but surely rise to the challenge. CH Invanity's Evangeline, DM, a red tabby and white Turkish Van female, also became a DM last season. Both of her parents are DMs and one of her offspring, GC, BW, RW Invanity's No No Vannette, is the highest scoring Turkish Van to date. Bred and owned by Diane Marcus, "Evangeline's" mother is GC, GP Invanity's Vanessa Redgrave, DM, who produced four grand champion/grand premiers and a DM. Evangeline's father is GC, PR

CH Invanity's Evangeline, DM, a red tabby and white Turkish Van female. Br/Ow: Diane Marcus.

Pekivanokie's Katvandu of Invanity, DM, the only Turkish Van male DM to date. Diane has consistently proven that persistence pays off!

Valere Hull, of CSA Cattery, is the proud co-breeder, along with Charlotte Holbrook, and owner of GC, BW, NW CSA's General John Hunt Morgan, DM, a lilac point Siamese male. He is only the third lilac point Siamese male to DM; the other two are his maternal grandfather and a cousin. His father was the third chocolate point male Siamese DM: GC CSA's There Stands Jackson, DM; his mother is a lilac point Siamese female DM – GC, RW Chimcheeree Cameo Doll of CSA, DM. He also has a chocolate point daughter DM: GC, PR, RW CSA's Shenandoah Sunrise, DM; and a national winning daughter, GC, NW CSA's Mariah, who is also a chocolate point female. Valere proudly reports that at the age of eight years and three months, she entered "General John Hunt Morgan" at the Gulf Shore Regional

CH Angelwaves Azure Angel, DM, a blue and white Cornish Rex male. Br: Mike and Trish Bles and P. Hunt. Ow: Trish and Mike Bles.

Qualifier and he made two Allbreed finals in a show with 164 cats in Allbreed Championship – not bad for an old man!

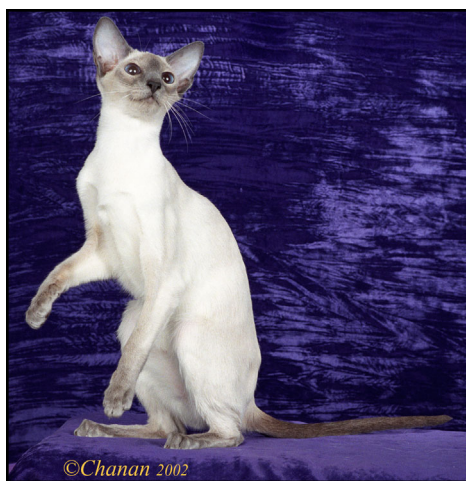

Another minority breed, the Egyptian Mau, has several breed boasts for the year. Melanie Morgan, of Emau Cattery, is proud to claim that CH Pasha Khepri of Emau, DM had two of her daughters add the coveted title of DM to their names: GC, BW Emau's Kyrie, DM and GC, BW, RW Emau's Mau Pounce For The Ounce, DM, became the first-ever grand champion and breed winning Egyptian Maus to earn a DM title, and only the third-ever, second generation Egyptian Mau DMs. The only other second generation DM cat is their half-sister, Emau's El Shahab, DM. "Pounce" also became a DM in the same year that her daughter, GC, BW, RW Emau's Fly By Night, became the highest scoring smoke Egyptian Mau female and only the second smoke to ever achieve the breed winner title. Also in regards to smokes, GC Bacamamdit's Maudonna of I-TEM, DM is only the fourth smoke Egyptian Mau female to become a grand champion and the first smoke Egyptian Mau grand champion to become a DM. "Lovey" was bred by Linda Buzonas and is owned by Tom and Ila Migut – what a great year for the Maus!

Following along the lines of "good breeding shows," Teresa Keiger of Platina Luna Russian Blues reports that her DM girl, GC Kaybill's Zhabinka of Platina Luna, DM was a fourth generation Russian Blue DM.

GC Angelwaves Bracken, DM, a black Cornish Rex male. Br: Trish and Mike Bles – Lessee. Ow: Trish and Mike Bles.

GC Crystabel Grey Rebel, DM, a blue point Siamese female. Br/Ow: Christine and Isabelle Arnau.

“Zhabinka” has produced one national winner and two regional winners. She was bred by Helene Schneider-Hester and Kay Wentling of Fairfax, VA, and is proudly owned by Rob and Teresa Keiger. Marianne Clark of Kurisumasu Japanese Bobtails reports that her DM from 2003-2004, CH Kurisumasu Kyokko of Hoofnpaws, DM, is the first dilute mi-ke Japanese Bobtail to earn the DM title. Although “Kyokko” is a Shorthair Bobtail, her first three grands were Longhairs. Her last two were co-bred and owned with Megan Antijunt. Kyokko is the daughter of GC Kuniyoshi Joi of Kurisumasu, the first Longhair Japanese Bobtail in Australia; she is the daughter of GC Kurisumasu Yoshiwara of Kuniyoshi, DM, and is a fourth generation DM. So, Kyokko is carrying on the family tradition. Marianne would like to thank Megan for the last two grands from Kyokko.

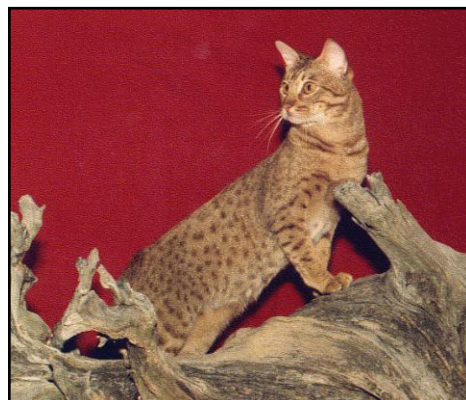

Trish and Mike Bles are proud to announce that they received two Distinguished Merit titles for their Cornish Rex males this past season, the first Cornish Rex cattery to do so. CH Angelwaves Azure Angel, DM, a blue and white male, and GC Angelwaves Bracken, DM, a black male, both received their DM titles in the 2003-2004 show season. Cornish Rex official historian, Cheryl McGee, reports that this is the first Cornish Rex cattery to achieve this honor.

GC Sadakat's Precious Moments, DM, a blue-eyed white Turkish Angora female. Br/Ow: Sherryl M. Smerigan.

Christine and Isabelle Arnau had a one-litter DM with their girl, GC Crystabel Grey Rebel, a blue point Siamese. “Bella” was born on 5/19/01 and after she granded, was bred to GC, BW, NW Kaleiope Elienai of Shera Len, and produced five kittens. All five of the kittens granded and Bella decided that her contribution to the Siamese breed should stop there. Although Christine and Isabelle tried to breed her again several times, none of the breedings took. Bella boasts several DMs on her father's side – GC Geishagoll Domingo of Crystabel, DM, whose mother is GC, RW Geishagoll Evaleigh, DM and her mother is GC, RW Geishagoll Takara, DM.

An Ocicat bred by Karen Hess, GC, RW Walnuthollow Hyperion of Ociopia, DM is now the top-producing Ocicat male with 22 grand offspring. He has produced three regional winners and his mother and grandmother are both bearers of the Distinguished Merit title. In addition, he has a sister who is also a DM. “Hyperion” is owned by Karen Hess, Sherry Delony and Campbell. The top-producing Ocicat female is Pawaw's

GC, RW Ocville Macchiato of Wrentree, DM, a chocolate spotted Ocicat male. Br: Bill McKee. Ow: Maxalee Black and S. Thompson.

Crowheart SOS of Wildtracks, DM, with 12 grand offspring. Also known as “Lisa,” “Crowheart” is an import from Sweden and was bred by Sue Riley. Lisa has produced two regional winners and two national breed winners. One of her daughters, GC, BW, NW Wildtracks Millennium Moon, is the first Ocicat female national winner. Although the Ocicat standard is one that was seemingly-written for males, Lisa has produced females that stand alongside the males in the show ring and are still competing. She is the granddaughter of CH Kuttoneth's Gamma Rae, bred by Victoria Garvin, who was previously tied as the highest producing Ocicat female DM.

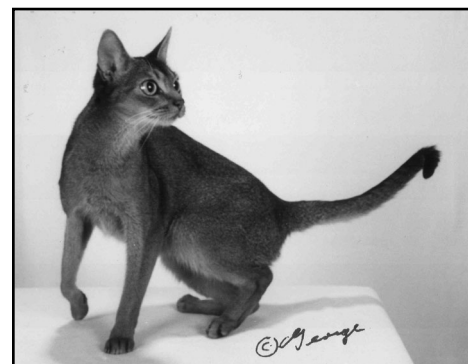

Some stories of the history of our Distinguished Merit cats are heartwarming. GC Chereve's Beanie Baby, DM, a ruddy Abyssinian female, bred by B. and D. Newkirk, B. Emley and C. Thieler, was a singleton kitten, born by C-section to one of Cheryl Thieler's Abyssinian girls in the middle of the night (when else, right?). As it often happens, her mother never developed milk

GC Bastis Penny Lane of Sourirbleu, DM, a red Abyssinian female. Br: Wain Harding. Ow: Gina Wiley and Wain Harding.

and Cheryl had to hand-raise the kitten. She slept with her in the bed and Cheryl set her alarm clock for every two hours to hand-feed her. When looking for a name for the growing youngster, Cheryl noted that Beanie Babies were at the height of their popularity and thus, the kitten became “Beanie Baby”! “Beanie” grew strong and cycled very young so Cheryl bred her to GC, BW, RW Catquea's Sea Monkey of Chereve, a ruddy Abyssinian male. She granded in one show after her first litter. All of Beanie Baby's grand offspring were sired by this male in three colors: red, ruddy and blue.

One of the two Turkish Angoras to DM last season, GC Sadakat's Precious Moments, DM (aka “Burrito”), a blue-eyed white female, also had a rough start. Bred and owned by Sherry Smerigan, she developed an umbilical cord abscess when she was born. Although it ruptured externally, she still had to be wrapped in gauze for quite awhile – hence her name! She granded at a young age and began to have litters. Sherry sent her to another breeder to be bred to their male, and on the day she was supposed to be sent back, she was caught up in an unfortunate seizure. She was eventually returned to Sherry but not until the day before her due date. When Sherry arrived to

GC, PR Chereve's Beanie Baby, DM, a ruddy Abyssinian spay. Br: B. and D. Newkirk, B. Emley and C. Thieler. Ow: Cheryl and Steve Thieler.

pick her up, she had given birth to three, one-hour-old babies. The vet said that they hoped that no one would claim her because they had become so enthralled with her personality. Sherry and Burrito flew home and all three of those babies granded. In her second litter, Burrito produced her fourth grand champion and the third litter produced her fifth, GC, BW, RW Sadakat's Saheser, the first male Turkish Angora to be a one-show grand. He was also named second highest scoring cat at the inaugural CATS! SHOW New York at Madison Square Garden in October 2003; he was also a kitten and adult regional winner in the North Atlantic Region in the 2003-2004 show season. What began as a rough start led to one of the happiest endings for Sherry and co-owner, Alene Shafnisky.

There are two cats that I was unaware of when I wrote last year's article which I feel should be mentioned this year. The first is GC Bastis Penny Lane of Sourirbleu, DM, an Abyssinian female, who was the first Abyssinian for Gina Wiley (now Lehman), a Chartreux breeder. Bred by Wain Harding, "Penny" produced two kittens in her first litter, GC, NW Truluck Almost Famous of Bastis ("Buddy"), CFA's 13th Best Kitten in 2002,

and GC, BW, NW Truluck Stillwater of Astech, CFA's 7th Best Cat in 2003. In her second litter, Penny produced GC, NW Truluck Planet Claire, CFA's 18th Best Kitten in 2003. Also in that litter were GP Truluck B-52 (a one-show grand premier) and GC Truluck Love Shack of Maboo. In her third litter, Penny produced one grand premier – GP Truluck Famous Copper Penny, a two-show grand, and GP, NW Truluck Hot Rocks of Thorsgard, CFA's Best Cat in Premiership in 2004. Knowing that she couldn't top all of this, Penny is now spayed and retired with a most impressive breeding record. Buddy is still siring and now has 10 grands of his own. Owners Gina and Jay Lehman and Wain Harding are very proud of her accomplishments.

Another older DM's achievements were recently brought to my attention also, and I feel that it should be mentioned. GC, RW Ociville Macchiato of Wrentree, DM was the first male Ocicat to achieve the Distinguished Merit title. His first 10 grands were with two females in two litters: GC Telldail JoJo's Sweetie of Maradot, DM and CH Maradot's Ink Adink Ado, DM; both girls obviously became DMs from these breedings. Nine of these grands were females, who are compet-

ing in a breed whose standard was written for the male; it is because of this that their titles are so impressive. "Bud" was owned by Stephanie Thompson and Maxalee Black.

Most breeds have both a male and female Distinguished Merit winner; however, there are still a few that do not. Those that have not yet achieved the title of DM are:

- Male American Wirehair
- Male Colorpoint Shorthair
- Male and Female Selkirk Rex
- Male and Female Longhair Manx
- Male Oriental Longhair
- Male Ragdoll
- Male Sphynx
- Male Turkish Angora

The Sphynx, Selkirk Rex and the Ragdoll have only been accepted breeds in CFA for a few years. The Sphynx and Ragdolls have both been very successful in the show ring, and I am sure it is only a matter of time until those boys achieve the coveted title.

In conclusion, I think it is apparent that in breeding cats, as in all species, a good pedigree is very important to the survival of the individual breeds. We should all strive to breed only the best and healthiest cats possible, so that our wonderful hobby will continue to grow and flourish. Good luck to all!

# Distinguished Merit Cats by Breed

(Ranked by Total DMs)

*Data in the following chart reflects information on cats in CFA's computer records at the time the chart was compiled.*
