## Needs Your Valuable Vote!

I am a Mainland Chinese national, living in Shanghai. I believe in fairness and harmony. I am willing to give my time and knowledge to CFA and I respect others. With your support, I want to contribute to CFA's development in the world, especially in China. I want to support global cat fanciers as part of CFA.

### WHY DAL?

If I become a Director at Large, my priority is to secure CFA's prestige status in China and secure its revenue. I will make sure CFA is in compliance with regulations and maintain its reputation. My belief in fairness and hardworking attitude will bring in more participants, catteries, cat clubs and registration to CFA. CFA success in China will induce growth in other countries and regions.

- CFA is already a global organization with presence all over the world. I am a law faculty graduate in China and I am sensitive to global and local political issues and geographical tensions. As a mainland China national, I am a natural to deal with local issues in China to ensure CFA expansion in China in a compliance manner. My success in negotiating with China NGO office for CFA in 2018-2020 is a solid reference.
- I have been consistently participating in International Shows in US and the annual ID meetings. I have a good understanding of CFA US operations, participants and eco system.
- I have coached many new breeders, catteries and cat clubs in China and encouraged them to show their cats overseas. I will continue my work to make CFA more global in harmony.
- I respect CFA's history and mission to improve cat well-being. CFA belongs to its participants. I am an exhibitor, a breeder, and an associate judge. I want to share my CFA experience with more people and help them to enjoy CFA more. My goal as DAL is to serve the exhibitors, breeders and the cats, as they are the foundation of CFA eco system. Their participation is crucial to make CFA success and growth sustainable. I want to bring organic change to CFA to attract more participants.

### CAREER

I was an assistant to the General Manager of Siemens Mobile Communications, Ltd. in China. I now have my own business, an exhibition production company and a boxing gym "PlanBee". While I only have 14 years of experience with CFA, I am one of the pioneers in growing CFA in China.

#### ★ Active Participation

- In 2007, I visited a CFA show in Shanghai and started breeding British Shorthair and Scottish Fold. In 2010, I registered my CFA cattery "Kitties Land" and started to participate in a CFA club and show committee. In 2011, I founded China International Pedigree CF Club and worked as club president. That was the 6th CFA club in China. In 2015, I became the Secretary of China North ASH CF Club whose name was later changed to Oriental Diamond CF Club.
- British Shorthair Breed Council Member From 2013
- 2020 China Associate Judge

#### ★ Achievements And Contributions:

- The first 300-entry cat show in China was organized by my club and I worked as show manager in December 2015.
- I worked as master clerk or show managers about 6 times a year before Covid.
- I was 2018-2020 China Core Committee member.
- In 2018-2020 I assisted the judges detained in China for review of their visas.
- In 2018-2020, as CFA China Representative, I established the NGO process still followed to re-establish CFA shows in China.
