

Instructions For Agenting Form

Agenting is defined in the rules as: Having possession of a cat/kitten at least the night before the show, completing **ALL** grooming and exclusively handling the cat at the show. (see Judging program rules 2.8 -2.10)

1. Use a separate form for each cat/kitten agented.
2. List all shows and the title change achieved for that cat/kitten on the same form
3. Make certain to list each show and the date(s).
4. The owner of the cat must attest to the fact that you performed all grooming, thus for some cats you will need to have them in your possession longer than from Friday night, as some need bathed earlier in the week.
5. Since change of ownership is not required to complete this requirement, you will list yourself as agent when entering shows.
6. This form becomes a part of your application.
