

Ginger Meeker

FORMER RD. . . FORMER DAL. . . CURRENT CANDIDATE
FOR GREAT LAKES REGIONAL DIRECTOR

*My mission: Making YOU
part of the process!*

Region 4 is the heart of CFA, home of our headquarters and home to more shows than any other region in our organization. With such size and scope in terms of opportunity, we should be part of a positive force to move CFA forward and a growth engine for the future of the cat fancy!

Do we celebrate our high achievers? Do we motivate them to keep going and give something back every step of the way? Do we support new talent as it arises and nurture it toward greater success? Do we have plans in place to keep our current clubs alive when their members age out and leave the fancy?

Maybe we do. Or maybe we could do more!
And together, I am sure that we CAN.

Everyone works harder--and with a fuller, happier spirit-- when they feel personally involved and invested in an organization and can look to the future with confidence. I seek to open up our region to the energy and creativity of new contributors, and help enable every region 4 exhibitor to feel an active, valued part of our region.

Let's grow the region. . . and CFA. . .
TOGETHER!

I welcome your questions, comments, and concerns. Feel free to contact me at glm.cfa@gmail.com or 208-401-6111

My Background

7 years of CFA Board Experience

6 as RD of the Northwest Region, where I managed the last Annual not supervised by Central Office, and 1 as Director-at-Large, appointed to fill a vacancy when Mark Hannon became President.

37 years of CFA Breeding and Showing Experience

Our cattery is Tier V Superior and we've produced 6 National Winners and 32 Regional Winners, as well as the first U.S.-bred British SH male DM

Mentoring of new breeders in 7 countries

In addition to the U.S., we have worked with novice breeders in China, Japan, Hong Kong, Thailand, Malaysia and Singapore, helping them establish British Shorthair breeding programs

My Agenda

- **Financial transparency** in the budget process with quarterly reports to the clubs
- Establish a **leadership team** from all areas of the region to determine needs and goals for the region as a whole
- Convene **regular Zoom meetings** to encourage better communication and cooperation, region-wide
- **Accessibility**; with a presence at most regional shows, I can be available to listen, encourage, and support exhibitors throughout the region
