CARISSA ALTSCHUL

Dear Gulf Shore Members,

For the past two years—along with previous terms—it has been my honor to serve as your Gulf Shore Regional Director. My involvement with CFA spans a lifetime; I have been part of this organization for as long as I can remember. CFA is woven into my family history and into who I am today. This community is my extended family, and I care deeply about its strength, integrity, and future.

I respectfully ask for the opportunity to continue serving and advocating for you as Gulf Shore's Regional Director. Commitment can take many forms, and I believe mine is demonstrated through consistency, loyalty, and active participation. I have attended every Gulf Shore show for at least the past decade—and beyond—and I continually encourage engagement at all levels, from show setup and breakdown to club involvement and leadership development.

The role of Regional Director requires not only dedication, but also a deep, working understanding of how CFA functions. I firmly believe this position should be held by someone with long-standing, hands-on experience in CFA activities and governance. That includes years of participation as a club delegate at Annual meetings, as well as involvement on both Regional and National committees. This experience provides an essential perspective on CFA's complex structure and decision-making processes at both the regional and global levels. I bring that knowledge, along with a proven background in supervisory and team-based leadership.

Balancing my career as a Registered Nurse, my cattery, and my responsibilities as your Regional Director has further strengthened my ability to manage complex roles with organization, accountability, and care. I am proud of the work we have accomplished together and of the relationships we have built across the Gulf Shore Region. Thank you for your continued trust, support, and the privilege of serving this extraordinary community. I would be honored to continue representing you as Gulf Shore's Regional Director.

Carissa Altschul

**DEDICATED TO BUILDING AN INCLUSIVE, COLLABORATIVE, AND
COHESIVE GULF SHORE REGION.**
