

Cheryl Coleman

for
Southern Region Director

**Experience • Leadership
Commitment to Our Region**

Professional Background

Leadership Built on Process, Collaboration, and Results

- 30+ years in IT leadership
- Senior Manager, ERP Security Development & Audits for a major healthcare organization
- Expertise in process improvement, including:
 - Process automation
 - Decrease development time by 75%
 - Strengthened collaboration with business owners
- Master's degree in Information Systems Management

The CFA Southern Region is one of the best-functioning regions in CFA, primarily because of the work of its fanciers. With over 30 years' activity in the Southern Region and in CFA, I feel that I know both what our region needs and how to obtain it. Under my leadership, I will seek the input of fanciers from THROUGHOUT our region.

Together We Grow

CFA Experience

A Proven Record of Service and Dedication

- Exhibiting since 1992
- Over 30 years of clerking and master clerking experience
- Served for 21 years as Master Clerk for CFA International Shows
- More than 25 years providing AV support for Regional Banquets
- Produced "On the Road Again" for both the Southern Region and CFA since 2003
- Breed Council Secretary for the Korat since 1995
- Member of the European Burmese and Persian-Tabby Breed Councils
- Experience with every show production position
- Active member of Cats Ink, Ramapo Cat Fanciers, and Mad Catters' clubs

Goals as Regional Director

Strengthening Our Region Through Growth, Engagement, and Planning

- Increase shows throughout the region, especially in the central portion of our region
- Establish year round fundraising initiatives
- Encourage greater volunteer involvement across all regional roles
- Plan regional banquet locations at least one year in advance, rotating throughout the entire region
- Provide bi-yearly regional financial statements to Southern Region clubs
- Expand the number of clerks and master clerks through structured training and mentorship

**Dedicated to Supporting
Exhibitors, Clubs, and
the Future of Our Region**
