

EXPERIENCE

Where it Matters

I began my journey in CFA in 1973 when I proudly registered our cattery, *Currle Cats*, and started breeding Persians. What began as a passion quickly grew into a **lifelong commitment** to the Cat Fanciers' Association and the breeds we cherish.

In 1983, I joined the CFA Judging Program, and over the years I've had the privilege of judging shows around the world. Those experiences have given me a broad perspective, deep respect for our exhibitors and breeders, and a true understanding of the dedication it takes to sustain and grow our association.

'Now, I am humbly asking for your support in my campaign for CFA Vice President.'

With decades of involvement, experience, and service, I am ready to continue giving back to the organization that has meant so much to me.

Your vote and your confidence would be greatly appreciated.

Clubs Are the Backbone of CFA

As regional director I have continuously supported clubs in my region. They are the conduit to grow CFA and registrations via the shows they produce and other outreach projects. I promise to support ALL CFA clubs if elected vice-president.

It Takes All of Us

Just as clubs are CFA's backbone, the work of individuals within clubs and within CFA keep us strong and vibrant.

The Southern Region recently held one of the most successful Annuals ever. This was not because of me, but because of the individuals whom I tasked with making it successful. My leadership is inclusive of **ALL** people who possess talent and drive in our region, and I plan on continuing that leadership style as vice-president.
