

# Carol Krzanowski

## Candidate for CFA Vice President

### Change, Communication & The Future of CFA

The global landscape for pedigreed cats is evolving rapidly. It is imperative that we proactively protect and preserve the unique value of our breeds during these challenging times. I remain committed to championing initiatives that ensure the long-term health and welfare of pedigreed cats and of all cats worldwide.

Effective communication is the cornerstone of successful organizational management. I will continue to actively solicit your input and ideas to ensure the interests of our clubs, breeders and exhibitors are met with a forward-thinking approach. Together, we can implement innovative programs and services that strengthen the entire CFA community.

### Honesty, Integrity & Respect

As a CFA Director-At-Large, I have been a steadfast advocate for our clubs and a dedicated voice for our breeders and exhibitors. My comprehensive experience – spanning roles as a breeder, exhibitor, club member, board member and former CFA staff member – provides me with a well-rounded understanding of our organization and its needs.

Honesty, integrity and ethics are core principles that I live by every day. I am committed to a fair and transparent decision-making process. While perspectives may differ, I prioritize listening with an open mind and fostering an environment of mutual respect. As an independent thinker, I ensure every decision is made with careful consideration and a commitment to the best interests of CFA.

### Professional Experience:
